Cargill Meat Solutions Schuyler, Nebraska

SUMMARY

Cargill Meat Solutions hired ADI Energy to design and implement a cost effective and energy efficient lighting upgrade at Cargill Meat Solutions' Schuyler, NE facility.

Energy Efficiency Food Industry

Investment: \$860,000

UNIQUE VALUE TO CUSTOMER

ADI Energy was retained by Cargill Meat Solutions to design and install an energy efficient and cost effective lighting upgrade at Cargill Meat Solutions' facility in Schuyler, Nebraska.

ADI Energy provided Cargill Meat Solutions with a lighting installation plan that reduced operating costs at the Cargill Meat Solutions facility through energy savings and maintenance avoidance, while improving the quality of the facility's current lighting system. Cargill Meat Solutions reviewed and approved all fixtures, lamps and ballasts specified by ADI Energy for the lighting installation.

ADI Energy also provided turnkey services for the Cargill Meat Solutions project, including the disposal of non-hazardous waste generated by this project and In addition, ADI Energy coordinated the disposal of the hazardous materials by contracting with a national hazardous waste recycling company to ensure the safe removal, recycling, transport and disposal of all retrofit generated hazardous wastes.
