- Energy savings analysis
- Commissioning
- Analyzing energy savings M&V reports
- EMS trending
- Energy analysis
- Energy savings HVAC

MEASURES

- Lighting
- HVAC upgrades
- EMS
- Motors

Department of Energy Resources-MA Canton

UNIQUE VALUE TO CUSTOMER

ADI Energy provided advisory and inspection services to the Town of Canton consisting of review of the Detailed Energy Audit (DEA) performed by Johnson Controls Inc. (JCI). The project was valued at approximately \$950,000 and included energy upgrades at various buildings such as: Town Hall, Police Headquarters, Public Library, School Administration building, etc. The Massachusetts Department of Energy Resources (DOER) requested that ADI Energy review the DEA and perform inspection services to insure compliance with the design drawings and the DEA.

The project was completed in fall 2011.
