- Energy analysis
- Energy design build services
- Energy saving HVAC
- Energy financial analysis
- Energy performance contracting

MEASURES

- Chiller Replacement
- HVAC upgrades
- EMS
- Steam traps
- Variable speed drives

VA Medical Center VT

UNIQUE VALUE TO CUSTOMER

ADI Energy was awarded the first ever third party commissioning for the Veteran's Administration throughout the US.

ADI Energy will review the design and installation of a new operating room (OR) and critical and intensive care areas (CCU and ICU) of the VA Medical Center.

The VA Medical Center is an acute care facility that provides a full range of primary, secondary, and specialty care. Clinical services at the VA Medical Center focus on a comprehensive, compassionate continuity of care.
